

7-10 MAJ 2019 SVENSKA MÄSSAN, GÖTEBORG

ELFACK 2019

NORDENS STÖRSTA MÄSSA FÖR FRAMTIDENS ELBRANSCH

Ett arrangemang av Svenska Mässan

ELFAK 7-10 May 2019 in Gothenburg – the most effective way of meeting Scandinavia’s electrical sector!

Elfack is the largest meeting place for the Scandinavian electrical and electrotechnical sector. This well established event, which brings the whole branch together, started in 1969, and enjoys a very strong position with exhibitors and visitors alike. Elfack gives you an unbeatable platform for cost effective marketing and selling. It puts you in direct contact with a large part of the companies within the installation, transmission & distribution, professional lighting , telecom & security sectors

- **INSTALLATION:** Electrical installation services and products, including bus systems, cables, lines, cable laying materials, wallapparatus, drive systems, distribution systems, relays, breakers, energy products, heating, cooling, motors etc
- **POWER TRANSMISSION & DISTRIBUTION:** Service and products for electric transmission and distribution, including transformers, transformer stations/switchgear, cable accessories, line material, metering and metering systems, cables, emergency power, etc.
- **LIGHTING:** Professional services and products for public buildings, including indoor, outdoor and industrial light fittings, light sources, etc.
- **TELECOM, COMPUTERS & SECURITY:** Products, systems and services in safety (burglar alarms, fire alarms, access control, cctv, broadband, computer networks and intelligent buildings (bes).
- **POWER PRODUCTION:** Hydroelectric, wind, nuclear, waves, osmosis, steam and gas.
